November 30, 2017

To Whom It May Concern:

I am writing in behalf of Rehan Jay Manickam, to support his scholarship application. Rehan has been in my Music Application and Theory class (PW-111-5B) at Berklee College of Music this past Fall 2017 semester, and have been a model student.

Rehan excels in every way in our classroom. He is always responsible for his work, as his assignments are of the highest level: correct, musical, organized, and on time. He is quick to understand the material learned, always participates and bring genuine curiosity, good energy, and a wonderful sense of community to the classroom. As of now (two weeks before the semester ends), he holds the highest grade in the class, and I would imagine he will continue to excel moving forward by the end of this semester and in future semesters.

I have been impressed with Rehan, he earned my professional respect as his teacher due to his high musical performance in this class, as well as his great character and ethics. Therefore, he has my highest recommendation for this scholarship application, and beyond.

Sincerely,

Lihi Haruvi
